MASTER'S MESSAGE

MISSION STATEMENT

The formal definition of mission statement is: a formal summary of the aims and values of a company, organization, or individual. A company's mission statement seeks to define its culture, values, ethics, and fundamental goals, and how these apply to its customers, employees, owners, etc. Closely associated to a mission statement, a vision statement focuses on tomorrow and what an organization wants to ultimately become. A mission statement focuses on today and what an organization does to achieve it. Both are vital in directing goals. In effect, a company's mission is its identity, and the vision is its journey to accomplishing its mission.

OUR MISSION STATEMENT

FREEMASONRY promotes a way of life that binds like-minded men with the principles of Brotherly Love, Relief and Truth in order to serve God, Family, Country, Neighbor, and Self.

A good practice is reciting to memory this mission statement that may help you quickly respond to someone's inquiry on Freemasonry. It's simple and to the point. It also encourages more conversation in a variety of avenues that would help remove some confusion that is out there on Freemasonry

"To enlarge the sphere of social happiness is worthy of the benevolent design of a Masonic institution; and it is most fervently to be wished, that the conduct of every member of the fraternity, as well as those publications, that discover the principles which actuate them, may tend to convince mankind that the grand object of Masonry is to promote the happiness of the human race.
